

ALEXANDRA PETROVICHEVA

alexpetrovicheva@gmail.com | linkedin.com/in/alex-petrovicheva | Boston, MA

EDUCATION

B.S. International Business & B.A. International Affairs, Northeastern University Expected May 2027

Concentrations: Global Business Strategy & Business Analytics | **Honors:** Dean's List (Fall 2023, Fall 2024)

Relevant Coursework: Data Management, Information Visualization, Digital Globalization, Executing Global Strategy, International Conflict & Negotiation, Senior Capstone in International Affairs

EXPERIENCE

Risk Intelligence, Information Security & AI Governance Co-op Boston, MA
Wellington Management Dec 2025 - Aug 2026

- Rotated across Legal and Risk, Information Security and Cyber Defense, Risk Intelligence, and AI Governance, translating technical and operational issues for cross-functional teams.
- Designed and tested an AI agent prototype for trade-operations outage response, progressing from structured Excel inputs to Microsoft Copilot, VS Code, and Snowflake-connected data.
- Mapped data flows, escalation paths, and control requirements for human review, access governance, output validation, and operational accountability; documented the pre-deployment prototype at co-op completion.

Business Operations Associate (Aug 2026-Present) Simi Valley, CA · Remote
Guardian Angel Home Health Agency Inc. (part-time) Aug 2019 - Present

- Coordinate payroll, insurance, staff credentialing, nurse communications, patient-care support, and administrative workflows across a home-health operation.
- Analyze business processes and maintain records across finance, staffing, and care coordination.
- As Financial Operations Assistant (Aug 2019-Aug 2026), supported financial analysis, payroll preparation, insurance documentation, and recurring operational reporting in a regulated healthcare setting.

Additional Experience: Marketing & Strategy Intern, UMG Technologies (Aug-Dec 2025) — synthesized market, competitor, and customer research into go-to-market recommendations.

TJ Maxx Social Media Strategy & Brand Development Co-op, The TJX Companies (Jan-Jun 2025) — analyzed audience behavior and brand positioning to develop data-informed social strategy recommendations.

RESEARCH

Governing Agentic AI in Financial Operations — Independent Research 2026 - Present

- Develop a faculty-supervised case study of governance for agentic AI in high-stakes financial workflows, grounded in an anonymized Wellington trade-operations project.
- Examine human oversight, auditability, data access, output validation, deployment readiness, and responsibility allocation across operational, risk, legal, and information-security teams.

LEADERSHIP

NextWork: Build Master & Campus Ambassador, Build & Brew (Aug 2026-Present) — lead peer-learning sessions that help nontechnical students experiment with AI and turn ideas into working projects.

TEDxNortheasternU: Media Relations Lead (May 2025-Sep 2026); Media Relations Associate (Aug 2024-May 2025)

Northeastern SGA: Assistant Director of Communications (Oct 2025-Jun 2026)

SKILLS

Data & AI: Excel, Snowflake, Microsoft Copilot, Copilot Studio, VS Code, data analytics, information visualization

Governance & Risk: AI governance, information security, cyber risk, data governance, policy research, process mapping

Languages: Russian (native/bilingual), Romanian (professional working proficiency)
